KEY-NOTE ADDRESS

Political Patronage, Autocratization and Democratic Resilience

given by prof. dr. Petr Kopecký

How do illiberal leaders undermine democracy? What mechanisms drive the advancement of autocratic projects? Using insights from Hungary and Central Europe, this lecture will show that political patronage – understood broadly as the power of political parties or politicians to appoint loyalists and dismiss unfriendly ones – is a critical enabling mechanism of autocratization. Political patronage is deployed by autocratizing governments as a strategy to first initiate democratic regression and subsequently to entrench and reproduce hybrid regimes that are emerging. This kind of autocratic patronage fundamentally changes the character of the state and raises questions about democratic resilience and the prospects for democratic restoration.

Petr Kopecký is Professor of Comparative Politics at the Institute of Political Science of Leiden. His main research interest are political parties and party systems in Europe, contemporary democracies and their challenges, and political patronage and clientelism. He is a senior editor of *East European Politics*. He studied Economics at the University of Economics in Prague and Political Science at the University of Manchester. He received his PhD from Leiden University. He has published articles in, among others, the *European Journal of Political Research*, *European Union Politics*, *Party Politics*, *Political Studies*, and *West European Politics*, and books with Routledge and Oxford University Press. His most recent (co-authored) book on political patronage and autocratization is forthcoming with the Cambridge University Press (2026).

Travel Information

For travel to Pilsen, please refer to the information on the [city's website](#). For participants traveling by car, we recommend using the [Rychtářka](#) parking garage. Pilsen has an extensive public transportation network. However, if you are staying in the city center, the conference venues will be just a few minutes' walk away. The individual buildings where the conference will take place are also just a few minutes' walk from one another. Please keep this in mind when moving between panel sessions.

Lunches and Refreshments

Light refreshments will be provided during coffee breaks on both days of the conference (Thursday at Jungmannova 1, Friday at Sedláčkova 38). There is also a café in the library—where a series of panel discussions will take place on Thursday—where participants can purchase coffee and snacks. There are numerous restaurants in the vicinity of the venues where the attendees can purchase lunch. On Thursday, light snacks will be served during the lunch break (Jungmannova 1). On Thursday, all the participants are welcome to attend diner & drink that will be hosted on the library grounds (Smetanovy sady 2) at 19:30.

Guided Tour

Those interested can take part in a free guided tour of Pilsen's historic center (approx. 90 minutes), scheduled for Friday, September 25, starting at 2:00 p.m. Information for interested participants and registration details will be sent out prior to the conference.

**We are looking forward to greeting you in Pilsen.
Welcome!**
